

## CINEMA SCREEN SELECTION

### SCREEN SIZING REFERANCE 2D/DIGITAL 3D NON POLARIZED

To achieve the best possible presentation while managing operating costs in half, reduced power consumption, and less frequent lamp replacement Photomech Screens recommends selecting screen surface as per table screen width as guideline for making screen selections for your non - polarized digital 3D, or digital 2D cinema auditorium.

PROJECTION APPLICATION	PM MATT WHITE		PM PEAL 140		PM PEAL 180		PM PEAL 220	
	Up To Meter	Up To Feet	Up To Meter	Up To Feet	Up To Meter	Up To Feet	Over To Meter	Over To Feet
Digital 3d Non Polarised	8	26	10	33	12	40	12	40
Digital 2d	9	30	12	40	20	66	20	66

**WORLD'S LARGEST LINE OF CINEMA/HOME THEATRE SCREENS INTERNATIONAL STANDARD, CINEMA/HOME THEATRE SCREEN 2D/3D/5D.**
